LLM Configured (Key ****2frc)

Provider
Groq

Model
openai/gpt-oss-120b

API Key
Unchanged — enter a new key to update it
Stored server-side only. Never shown again after saving — leave blank to keep the current key.

Max Tokens
2048

Temperature (0.7)

Locator Resolution Mode
Pattern

LLM

Uses the LLM above to resolve broken or ambiguous locators at runtime (requires a configured API key).

Save LLM Settings

Settings are automatically saved to your browser's local storage and will persist across sessions. Some settings (like LLM configuration) are managed on the server side.
